Pierce County Council District No. 7

Pierce County Canvassing Board Certification Report | December 4, 2014

As required by RCW 29A.64.021 a mandatory manual recount was conducted for Pierce County Council District No. 7. The recount began on December 1 and concluded on December 4, 2014.

Below is a summary of the steps taken during the recount:

Sorting

- Election staff sorted through all of the ballots counted in the General Election to identify and isolate County Council District No. 7 ballots.
- County Council District No. 7 ballots were sorted to the precinct level.
- The total number of ballots in each precinct was counted.
- Staff sorted and reviewed 220,827 ballots. Ballots were sorted three times to ensure all ballots were segregated.

Counting

- Ballots were recounted by hand by a team of four election workers. Ballots were manually counted twice to confirm the votes for each candidate.

Recount results

- The results confirmed Derek Young received the most votes and is the winner.
- The recount shows an increase of 17 votes for Young and an increase of 16 votes for Flemming.
- The total number of ballots cast decreased by three in the recount.

Why the vote totals increased

- The recount focused only on County Council District No. 7.
- Due to the extra scrutiny given to these ballots, some very light marks were identified by the recounting teams, but not originally read by our tabulators. These were then counted as votes during the recount. Therefore, the number of undervotes decreased and the number of votes for candidates increased.
- This is not unusual. We have seen similar increases in candidate totals in past recounts.

Why the total number of ballots in the recount decreased

- Ballots were not identified during the sorting process.
- During the first count, a ballot may have been counted twice due to a ballot jam.

Why the number of ballots counted in a precinct may be different

- A mark in the header code during the original count may have caused the ballot to be counted into a different precinct.
- During the original count, a ballot may have not been counted or counted more than once.
- Ballot was misprecincted in the manual recount.

Ballots cast variance

Original Count 45,399

Recount 45,396

$45,396/45,399 = .99993$ 99.99%

Vote total variance

33 votes changed/ $45,396 = .00073$.073%
